1 Identification

- Product identifier
- Trade name: Carbon Steel - HR&CR
  Leaded Carbon
- Other Product Identifiers:
  Carbon Steel - A36, 1018, 1010, 1040
  Pressure Vessel Quality
  Leaded Carbon - 10L42
- Recommended use and restriction on use
- Recommended use: Raw materials.
- Restrictions on use: Contact manufacturer.
- Details of the supplier of the Safety Data Sheet
- Manufacturer/Supplier:
  Castle Metals
  1420 Kensington Road Suite 220
  Oak Brook IL 60523
  (847) 349-3000
- Emergency telephone number: (847)-349-3000

2 Hazard(s) identification

- Classification of the substance or mixture
  The product is not classified as hazardous according to the Globally Harmonized System (GHS).
  
  Additional information:
  There are no other hazards not otherwise classified that have been identified.
  0 percent of the mixture consists of ingredient(s) of unknown toxicity.
  Not hazardous as delivered. Long term inhalation of product dusts formed during use is harmful.

  Label elements
  GHS label elements
  The product is not classified as hazardous according to OSHA GHS regulations within the United States.
  Hazard pictograms Not Regulated
  Signal word Not Regulated
  Hazard-determining components of labeling: None.
  Hazard statements Not Regulated
  Precautionary statements Not Regulated
  Hazard description:
  WHMIS-symbols: Not hazardous under WHMIS.
  Classification system:
  NFPA ratings (scale 0 - 4)
  
  Health = 0
  Fire = 0
  Reactivity = 0

(Contd. on page 2)
3 Composition/information on ingredients

- Chemical characterization: Mixtures
- Description: Mixture of the substances listed below with nonhazardous additions.

- Additional information:
  For the listed ingredients, the identity and exact percentages are being withheld as a trade secret.

4 First-aid measures

- Description of first aid measures
- General information: No special measures required.
- After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact:
  Brush off loose particles from skin.
  Immediately wash with water and soap and rinse thoroughly.
5 Fire-fighting measures

- Extinguishing media
- Suitable extinguishing agents:
  Special powder for metal fires. Do not use water.
  Dry sand
  Graphite powder.
  Dry sodium chloride
- For safety reasons unsuitable extinguishing agents: Water
- Special hazards arising from the substance or mixture
  Formation of toxic gases is possible during heating or in case of fire.
- Advice for firefighters
- Protective equipment:
  Wear self-contained respiratory protective device.
  Wear fully protective suit.
- Additional information No further relevant information available.

6 Accidental release measures

- Personal precautions, protective equipment and emergency procedures
  Ensure adequate ventilation.
  Do not breathe dust.
  Avoid formation of dust.
  Use personal protective equipment as required.
  For large spills, use respiratory protective device against the effects of fumes/dust/aerosol.
- Environmental precautions: Do not allow to enter sewers/ surface or ground water.
- Methods and material for containment and cleaning up:
  Pick up mechanically.
  Dispose of the collected material according to regulations.
  Send for recovery or disposal in suitable receptacles.
- Reference to other sections
  See Section 7 for information on safe handling.
  See Section 8 for information on personal protection equipment.
7 Handling and storage

- Handling:
  - Precautions for safe handling
    Prevent formation of dust.
    Any deposit of dust which cannot be avoided must be regularly removed.
    Use proper precautions around molten material.
  - Information about protection against explosions and fires:
    Keep respiratory protective device available.

- Conditions for safe storage, including any incompatibilities
  - Storage:
    - Requirements to be met by storerooms and receptacles: No special requirements.
    - Information about storage in one common storage facility:
      Store away from foodstuffs.
      Do not store together with acids.
      Do not store together with alkalis (caustic solutions).
      Store away from oxidizing agents.
    - Further information about storage conditions: None.
    - Specific end use(s) No further relevant information available.

8 Exposure controls/personal protection

- Additional information about design of technical systems: No further data; see item 7.

- Control parameters

Additional information: No further relevant information available.

- Exposure controls
  - Personal protective equipment:
    - General protective and hygienic measures:
      The usual precautionary measures for handling chemicals should be followed.
      Keep away from foodstuffs, beverages and feed.
      Store protective clothing separately.
      Wash hands before breaks and at the end of work.
      Avoid contact with the eyes.
      Avoid close or long term contact with the skin.
    - Engineering controls: No further relevant information available.
    - Breathing equipment:
      Particulate mask should filter at least 99% of airborne particles.
      Use respiratory protection when grinding or cutting material.
    - Protection of hands:
      Wear gloves for the protection against mechanical hazards according to OSHA and NIOSH rules.
  - Eye protection:
    - Safety glasses
  - Body protection: Protective work clothing
  - Limitation and supervision of exposure into the environment: Avoid release to the environment.
  - Risk management measures: See Section 7 for additional information.
9 Physical and chemical properties

- Information on basic physical and chemical properties
- General Information
- Appearance:
  - Form: Solid material
  - Color: Grey to Black.
  - Odor: Odorless
  - Odor threshold: Not determined.
- pH-value: Not applicable.
- Change in condition
  - Melting point/Melting range: Undetermined.
  - Boiling point/Boiling range: Undetermined.
- Flash point: Not applicable.
- Flammability (solid, gaseous): Not determined.
- Auto-ignition temperature: Not determined.
- Decomposition temperature: Not determined.
- Auto igniting: Product is not self-igniting.
- Danger of explosion: Product does not present an explosion hazard.
- Explosion limits:
  - Lower: Not determined.
  - Upper: Not determined.
- Vapor pressure: Not applicable.
- Density at 20 °C (68 °F): 7 g/cm³ (58.415 lbs/gal)
- Relative density: Not determined.
- Vapour density: Not applicable.
- Evaporation rate: Not applicable.
- Solubility in / Miscibility with
  - Water: Insoluble.
- Partition coefficient (n-octanol/water): Not determined.
- Viscosity:
  - Dynamic: Not applicable.
  - Kinematic: Not applicable.
- Other information: No further relevant information available.
10 Stability and reactivity

- Reactivity
- Chemical stability
- Thermal decomposition / conditions to be avoided: Heating may cause release of toxic fumes.
- Possibility of hazardous reactions
  Reacts with strong acids and alkali.
  Reacts with strong oxidizing agents.
  Reacts with halogenated compounds.
  As the product is supplied it is not capable of dust explosion; however enrichment with fine dust causes risk of dust explosion.
- Conditions to avoid
- Incompatible materials: Oxidizers, strong bases, strong acids
- Hazardous decomposition products:
  Possible in traces:
  Toxic metal oxide smoke
  Lead oxide vapor

11 Toxicological information

- Information on toxicological effects
- Acute toxicity:
  - LD/LC50 values that are relevant for classification:
    - 7439-92-1 lead
      - Oral (LD50) >2000 mg/kg (rat)

  - Primary irritant effect:
    - on the skin: No irritant effect.
    - on the eye: No irritating effect.
    - Sensitization: No sensitizing effects known.
    - Additional toxicological information:
      The product is not subject to classification according to internally approved calculation methods for preparations:
      When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

  - Carcinogenic categories
    - NTP (National Toxicology Program)
      7439-92-1 lead
      - R
    - OSHA-Ca (Occupational Safety & Health Administration)
      None of the ingredients is listed.

  - Probable Routes of Exposure
    Eye contact.
    Skin contact.

  - Repeated Dose Toxicity:
    May cause metal fume disease.
Trade name: Carbon Steel - HR&CR
Leaded Carbon

Repeated or long-term inhalation of product dusts may cause pulmonary disease.

CMR effects (cancerogenity, mutagenicity and toxicity for reproduction):
- Germ cell mutagenicity: Based on available data, the classification criteria are not met.
- Carcinogenicity: Based on available data, the classification criteria are not met.
- Reproductive toxicity: Based on available data, the classification criteria are not met.
- STOT-single exposure: Based on available data, the classification criteria are not met.
- STOT-repeated exposure: Based on available data, the classification criteria are not met.
- Aspiration hazard: Based on available data, the classification criteria are not met.

12 Ecological information

- Toxicity
- Aquatic toxicity: No further relevant information available.
- Persistence and degradability: No further relevant information available.
- Behavior in environmental systems:
  - Bioaccumulative potential: May be accumulated in organism
  - Mobility in soil: No further relevant information available.
- Additional ecological information:
- General notes:
The product contains heavy metals. Avoid transfer into the environment. Specific preliminary treatments are necessary.
- Other adverse effects: No further relevant information available.

13 Disposal considerations

- Waste treatment methods
- Recommendation:
  Contact manufacturer for recycling information.
The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes.

- Uncleaned packagings:
- Recommendation: Disposal must be made according to official regulations.

14 Transport information

- UN-Number
- DOT, ADR, ADN, IMDG, IATA: Not Regulated
- UN proper shipping name
- DOT, ADR, ADN, IMDG, IATA: Not Regulated
- Transport hazard class(es)
- DOT, ADR, ADN, IMDG, IATA: Not Regulated
- Class: Not Regulated
15 Regulatory information

- Safety, health and environmental regulations/legislation specific for the substance or mixture
- United States (USA)
- SARA
  - Section 355 (extremely hazardous substances):
    7723-14-0 phosphorus
  - Section 313 (Specific toxic chemical listings):
    None of the ingredients are listed.
  - TSCA (Toxic Substances Control Act):
    All ingredients are listed.
  - Proposition 65 (California)
    - Chemicals known to cause cancer:
      7439-92-1 lead
    - Chemicals known to cause reproductive toxicity for females:
      7439-92-1 lead
    - Chemicals known to cause reproductive toxicity for males:
      7439-92-1 lead
    - Chemicals known to cause developmental toxicity:
      7439-92-1 lead
  - Carcinogenic categories
    - EPA (Environmental Protection Agency)
      7439-96-5 manganese, powdered D
      7723-14-0 phosphorus D
      7439-92-1 lead B2
    - IARC (International Agency for Research on Cancer)
      7439-92-1 lead 2B
    - TLV (Threshold Limit Value established by ACGIH)
      7429-90-5 aluminium powder (stabilised) A4
      7439-92-1 lead A3
